Aeeris' Annual Report is the main vehicle for communicating with shareholders on the activities and performance of the Company in the previous 12 months. The Annual Report will be posted on Aeeris' website and will be downloadable.

In accordance with the Listing Rules, the Company will notify the ASX immediately of information:

- (a) concerning Aeeris that a reasonable person would expect to have a material effect on the price or value of Aeeris' securities; and
- (b) that would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of Aeeris' securities.

This also applies to information that the market requires to correct or prevent a false market where trading in Aeeris' securities occurs in the absence of material price-sensitive information; or on the basis of information that is inaccurate or misleading. In such a circumstance, and in compliance with the Listing Rules, Aeeris will give the ASX the information needed to correct or prevent the false market.

5. Determining 'disclosable' information

In accordance with legal, statutory and ASX listing requirements (particularly Listing Rule 3.1), Aeeris will disclose all information concerning it, of which it is or becomes aware, that a reasonable person would expect to have a material effect on the price or value of its securities.

Information will be taken to have a material effect on the price or value of Aeeris' securities if a reasonable person would expect the information to, or be likely to, influence persons who commonly invest in securities in deciding whether or not to trade the securities.

The Company Secretary, in consultation with the Chairman, has responsibility for determining whether a particular piece of information is material or falls within the exception, otherwise the information should be provided to the ASX for a determination.

6. Continuous disclosure compliance

The Company Secretary has responsibility for:

- (a) ensuring employees (including Directors and Officers) receive a copy of this Policy statement as well as a copy of Guidance Note 8 of the Listing Rules, which highlights the general principles and obligations set out in Chapter 3 of the Listing Rules pertaining to Continuous Disclosure;
- (b) conducting education sessions for new staff members;
- (c) ensuring that Aeeris has an effective reminder system regarding the obligations of employees to notify the Company Secretary of matters that may be disclosable under this Policy, and to otherwise comply with this Policy. This may be via email, in staff meetings or by refresher courses conducted annually;
- (d) including in the reminder system a requirement that all staff members report potential breaches of this Policy directly to the Company Secretary; and
- (e) ensuring that Directors and Officers are briefed in detail regarding the continuous disclosure regime.

7. Disclosure agreements

All Directors have, and new Directors will enter into a Director Disclosure Agreement with Aeeris (as set out in Guidance Note 22 of the Listing Rules). The Company Secretary is to maintain records of signed copies of these agreements.

8. Release of ASX announcements

Aeeris recognises that non-public, material information (which may include positive as well as negative information affecting the prospects for Aeeris), must be released in a timely manner and when released, must be made broadly available to the market. Accordingly, all new material information in the first instance will be released to the ASX.

The procedure for the release of ASX announcements is as follows:

- (a) the Board shall review and provide written approval to the Company Secretary in respect of all key announcements prior to release to the market;
- (b) any relevant parties named in the announcement shall review for factual accuracies in respect of information attributable to them and provide written consent for inclusion of the names in the announcement to the Company Secretary;
- (c) the CEO (and in their absence the Company Secretary) is to give the final sign-off before release to the ASX;
- (d) all announcements are to be released electronically by the Company Secretary;
- (e) after confirmation of the release has been obtained from ASX, the Company Secretary will circulate the release to all Directors and Officers of the Company;
- (f) all announcements released are to be posted on the Company website as soon as practicable; and
- (g) the Company Secretary is to maintain a register and copy of all announcements released.

As a policy matter, Aeeris will not comment on rumours unless, in the circumstances, this would amount to a breach of Listing Rule 3.1B or other applicable laws.

9. Dealing with the media and analysts

All media enquiries relating to Aeeris are to be coordinated by the Executive Chairman. Media comment will be made only by the Executive Chairman or other authorised Company spokesperson.

The Executive Chairman will approve all press releases referring to material issues prior to release.

Aeeris will actively seek to provide private briefings to analysts, institutions and stockbrokers to enhance their understanding of the Company. However, these private briefings must not involve the disclosure of price-sensitive information. If any new information is provided in the presentation, a copy must be lodged with the ASX prior to that meeting. If price-sensitive information is inadvertently disclosed at a private briefing, then the information must be announced to the ASX as soon as practicable.

If an analyst asks a question at a private briefing which touches on a price-sensitive area, then the Aeeris spokesperson can only use publicly available information in the answer. Where this is not possible, then the Company spokesperson should decline to answer the question or take it on notice and answer it after a general disclosure to the ASX has been made. As such, at any private briefing at least two executives should be present and a detailed record of the meeting be taken.

In respect of telephone conversations with investors, analysts and the media, a record should be made of the conversation.

10. Dealing with shareholders

Aeeris will use annual general and other general meetings to communicate with shareholders about its financial performance and business strategy. At all shareholder meetings, Aeeris will actively encourage and allow a reasonable opportunity for shareholder participation.

In all other cases, depending on the nature of the enquiry, the CEO, Company Secretary or Share Registry will deal with private shareholder enquiries.
